### About Adam:

*Adam's childhood hockey sled, made for him by his father. It is now on display at the Museum of disABILITY History as part of the Sports and Disability exhibit.*

A resident of Lancaster, NY, Adam Page is a Paralympic athlete who has inspired many with his abilities on and off the ice. Born on March 10, 1992, with Spina Bifida and Hydrocephalus, Page found sled hockey at the age of 6 and has been playing for sixteen years. At 14, he was chosen for the USA Development Team and, not long after, joined the USA men's national team at the age of 15. Page has participated in the 2010 and 2014 Paralympics in Vancouver, British Columbia and Sochi, Russia respectively. Additionally, he has taken part in four world championships, winning two gold medals, a silver and a bronze.

Alongside his role as an athlete, Page currently volunteers with his father, Norman, starting new sled hockey programs across the country. The programs give youth, adults and veterans the chance to play the sport that has given Page, himself, so many opportunities.

In his spare time, Page enjoys downhill skiing, golf and bowling. He is currently pursuing a bachelor's degree in sports management.

**FREE** admission to the Person First Forum. Regular admission applies for those who wish to tour the Museum of disABILITY History (open from 10 a.m. - 4 p.m.).
