

People Home Health Care Services Certified, Inc.  
An affiliate of PeopleInc

## Disability Experts Caring for YOU

More cost effective than alternative long-term care options • Receive care in the comfort of your own home  
Reduce the need for and risk of hospitalization

### Your Way to Better Health

- Specializing in supporting people with developmental disabilities
- Receive care in the comfort of your own home for yourself or loved one
- Regain independence
- More cost effective than alternative long-term care options
- Reduce the need for and risk of hospitalization

### Certified Home Health Assistance

Your quality healthcare is our mission. Our People Certified Home Health Services was established as an affiliate of People Inc. for those with short-term health needs, which can be cared for by in-home nurses and rehabilitation therapists, to help keep you, your loved one or patient well and healthier. The goal is on treating acute conditions, by providing brief appropriate house visits.

### Our team provides:

- Intermittent Skilled Nursing
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Nutrition
- Medical Social Work

### Advantages of Choosing Us

- Specializing in services to people with developmental disabilities, in addition to providing services to people 18 and older in Erie and Niagara Counties.
- Quality assistance, whether there is a need for acute medical care or assistance with daily living skills.
- By working with your physician, discharge planner or social worker, we can reduce the need for hospitalization by providing medically-prescribed services to enhance health, nutrition and independence in the comfort of home.
- Our size allows us to offer you consistency in nursing and therapy staff, leading to better outcomes and care coordination, while reducing the risk of hospitalization. Our specialized training for staff support people with a variety of special needs.

### We Accept

Home Health Services are covered by most insurance plans, subject to coverage criteria and in some instances, copays, as well as Medicare and Medicaid.

# Receive Home Health Care Services in the comfort of your own home for yourself or loved one

Trust experience • Regain independence • Maintain your health and wellbeing

Our People Certified Home Health Services are focused on providing high quality and individualized patient care for people with and without developmental disabilities. Our highly skilled and compassionate staff work with patients and their families. Whether you, a loved one or a patient is living with a chronic condition, need a smooth transition from hospital/rehabilitation center to home, recovering from an illness or injury or need extra assistance, our team is here to meet your needs.

## Intermittent Skilled Nursing

Skilled nursing assessment, post-hospitalization care, advanced wound care, disease management, catheter management, diet/medication and disease teaching to patient and family.

## Physical Therapy

Setup in-home exercise program, teach gait training, therapeutic exercises, post fracture and joint replacement care, strategies to improve endurance/strength/balance, address vestibular issues, deconditioning and fall prevention.

## Occupational Therapy

Evaluate the need for adaptive equipment, activities of daily living (ADL) training, fine motor exercises, energy conservation and a home safety assessment to improve independence/maximize safety in the home setting.

## Speech Therapy

Evaluation and treatment of voice and language disorders, dysphagia treatments, cognitive therapy and augmented device evaluation and training.

## Nutrition

Short-term specialized diet consultations.

## Medical Social Work

Assessment of social/emotional factors, assistance with long-range health care planning, including linkages and referrals.

*“I don’t think my husband would have made the progress he made in such a short time without the exceptional care he received from People Certified Home Health Services the day after his surgery.”*

Andrea Keogh, regarding the care that her husband received after a knee replacement
