

Join People Inc. at the Transition Services Virtual Expo 2022

People Inc. is proud to be a part of three upcoming "Transition Services Virtual Expo 2022" sessions sponsored by Person Centered Services. Join us at our virtual "booth!" These sessions are to provide students ages 14-21 who receive special education services, and their families, an opportunity to meet and interact with local providers, who support successful transitions to adulthood. Experienced staff from People Inc. will offer information on the agency's numerous adult services, including eligibility criteria, referral processes and vacancies. Special education personnel and care coordinators are also invited to attend.

The free live regional events will be hosted via Zoom, from 6 to 8 p.m.

Register by clicking on the dates below:
